A Commercial Club has been organized at Barberville with John G. Matthews, of the First National Bank, president; Edward England, cashier of the National Bank of John A. Black, vice president, and T. D. Tinsley, secretary and treasurer.

A Danville dispatch says: The arrest of James Edward Henge in Cincinnati on a charge of embezzlement has caused quite a sensation here among his friends in the city. He has been running a piano store here for the past year and has done well and made many friends.

At the meeting of the U. D. C., Mrs. Geo. H. Bruce and Mrs. Graham Price were appointed delegates to the National Convention of the United Daughters of the Confederacy, which meets at St. Louis in October. Bill Bernhardt will, on next Sunday, take charge of the New Bengal Hotel and restaurant, succeeding Mr. Henge, who goes to Stanford. On account of his health, Mr. Henge was forced to quit the business. Advocate.

Says a Lexington dispatch: A touching incident in connection with the Confederate reunion held here was the meeting between Col. D. W. Tribble, of Richmond, and Mr. Isaac Hutchison, of this city, both of whom were members of Gen. John H. Morgan's command. The men had not seen each other since the memorable struggle of 40 years ago in which they both took part. When Col. Tribble left Camp Chase, where he was a prisoner, he was furnished money by Mr. Hutchison to buy clothes and get back home. Their meeting resulted in many old memories being revived.

WHAT IS CATARRH?

Hyomei Only Guaranteed Cure for This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane and effectively drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs.

Offensive breath, dryness of the nose, pain across the eyes, pain in back of the head, pain in front of the head, tendency to take cold, burning pain in the throat, hawking to clear the throat, pain in the chest, cough, a stitch in side, loss of flesh, variable appetite, low spirits at times, raising of frothy mucus, expectorating yellow mucus, difficulty in breathing, frequent sneezing, huskiness of voice, discharge from the nose, stoppage of the nose at night, aching of the body, drooping in the throat, mouth open while sleeping, tickling back of the palate, formation of crusts in the nose, dryness of the throat in the morning, loss of strength, spasms of coughing, cough short and hacking, cough worse nights and mornings, loss in vital force, a feeling of tightness across the upper part of the chest.

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Penny emphasizes it by agreeing to refund your money if Hyomei does not cure.

THE Lexington Democrat makes a great campaign offer of its Sunday and daily edition from now until after the November election for \$1. This is about a cent a copy and is not only the cheapest daily you can get but the best democratic organ you can read during the present campaign. A Trip To Boston and Other Historic Cities.

NEWS NOTES.

The town of Warren, Idaho, has been wiped out by fire.

Three persons were fatally hurt in an automobile smash at Pittsburgh.

Judge Kirk Hawes, for years a distinguished jurist, is dead at Chicago.

John L. Sullivan, who has played out as a pugilist, has gone to St. Louis to run a saloon.

The "grand assault" on Port Arthur, scheduled for Saturday, has been postponed till today.

Champion Jeffries offers to box any three pugs in one night as fast as they can step into the ring.

The Japanese charge the Russians with killing women and children and with burning houses on Senchou Island.

The maneuvers no bull run battle-field closed with a great review, Lieut. Gen. Chaffee being ranking officer present.

Six hundred Chicago stock handlers applied for their old places back and were informed they would be sent for when needed.

While Yetta Heikowitz was kneeling beside a grave in Graysand cemetery, being a little tired I rested a short while, breakfasted and then sought Boston Common, near which point the parade of the old boys started. This parade is conceded by all to be one of the most successful and interesting made by the Grand Army since its organization. It is true that it was quite warm, but there had been constructed at proper intervals stands from which the ladies of Boston (God bless them) issued sparkling cups of lemonade to the veterans as they passed. And this refreshment coupled with the splendid music of the department bands and drum corps, inspired us with energy and we stepped to time throughout the whole line of march.

After visiting many points in Boston, such as the place where the Tea Party came off, the Navy Yard and the White Squadron, which was lying in the harbor, and witnessing the successful launching of a new vessel, the Columbia, we visited Charlestown, Bunker Hill monument and Charles river, where the British fleet operated during the battle of Bunker Hill. Also the Commons, where the school boys were insulted, for which they demanded redress from British officers.

We had the pleasure of standing on the battle field of Old Lexington, where the first shots were fired at the beginning of the Revolutionary war, June 18, 1775. We then traveled on to Concord, where another battle was fought on the same day. We saw several houses of Revolutionary fame, one of them the Hancock house, from which he and Adams made their escape from British soldiers when Paul Revere made his famous ride to carry news of the plans of the British.

Markers and monuments stand on these old battlefields. Gen. Raum made a speech at Concord standing at the foot of a bronze statue of a Minuteman. A Kentuckian made a good talk, standing on the ground and line of battle at Old Lexington. Veterans of Maine, Vermont and Massachusetts, with their wives and daughters, gave him a hearty ovation.

DEMOCRATIC TICKET.

For President.

ALTON BROOKS PARKER,
of New York.

For Vice President.

HENRY G. DAVIS,
of West Virginia.

For Judge Fifth Appellate District,
JUDGE JAMES E. CANTRILL,
Of Georgetown.

ABOUT 200 democratic editors, with a party of their friends, the entire number being more than 600, visited Judge Alton B. Parker at Rosemont and after addresses and an informal reception were entertained at luncheon. Charles W. Knapp, editor of the St. Louis Republic, delivered the address in behalf of the delegation, and Judge Parker responded in a brief political speech, in which he compared the republican and democratic administrations, and emphasized the need of retrenchment and reform in the affairs of the Federal Government.

THE Chicago butchers' strike has proven to be the worst failure on record. The men have lost \$5,000,000 in wages since it began and their places besides so they will only be taken back as individuals as their services may be needed. Not a single point was gained by the men who, if they get work at all, will get it at lower wages. The Butchers' Union evidently needs a head.

SENATOR JAMES B. MCCREARY predicts democratic success at the polls in November, claiming that the bulk of the independent vote will be cast for Judge Parker. Prominent democrats of New York and New Jersey say those two States will be found in the democratic column.

LOUISVILLE is growing rapidly now. Last week she had 101 births and only 86 deaths. The Falls City will soon be as large as Brer. Campbell thinks Somerset is.

OUR model young governor will do some good campaign work this fall. His clarion voice will be heard from many stumps in Kentucky.

To the Democrats of Lincoln County:

I am a candidate for the democratic nomination for the office of judge of the Lincoln county court. I think I may be allowed to say that previous experience in this line of public duty will be accepted by you as some evidence of reasonable fitness for this station.

JAS. P. BAILEY

POLITICAL.

John Sharp Williams announces that he will make a speech in Louisville in October.

Editor R. D. Thornbury, of the Lebanon Falcon, has announced his candidacy to represent Marion county in the next Legislature.

The "Regular" republicans of Delaware have declined the proffer of the Addicks faction for harmony and a single republican State ticket.

The democrats of Wyoming have nominated John E. Osborne for Governor. Utah democrat have nominated James H. Moyle for Governor.

It is probable that Judge Parker will take up a temporary residence in New York City in order that he may be in closer touch with the party leaders.

Latest estimates of the cost of constructing the Isthmian canal are \$145,000,000, and Admiral Walker thinks that it will require eight years to complete the work.

Senator McCreary has made the following appointments to speak: At Carrollton on Monday, September 19; at Harrodsburg on Saturday, September 24; at New Castle on Monday, October 3.

Leading Democrat of New York claim that Judge Parker will carry the State by from 30,000 to 40,000 votes. They point out that harmony prevails among the Democrats, while the Republican factions are at war.

Hon. R. W. Miller, the popular and eloquent young chairman of the Madison County Democratic Committee, was today declared without opposition for the second time, the nominee of his party for the Legislature, says the Richmond Register.

Information comes from Frankfort that Judge Cantrill, acting on the advice of his physicians, will not preside at the September term of the Franklin circuit court. Gov. Beckham at once named the Hon. John D. Carroll, of Henry county, to act as special judge during the term.

The republicans of Garrard in convention to send delegates to the Congressional convention at Nicholasville, split and held separate conventions. The anti-Bradley forces, led by Capt. Wm. Herndon, made a good showing, almost completely composed of white men. The Bradley men were 90 per cent. Negroes.

Little interest was manifested in the county mass Republican conventions held in the Eighth and Ninth districts Saturday to select delegates to district conventions at Nicholasville Wednesday and Cynthiana today to nominate candidates for Congress. Seven of the 10 counties in the Eighth district instructed for Nelson D. Miles, of Jessamine county, who will be nominated. As there was no announced candidate in the Ninth district most of the delegations were sent uninstructed.

President Roosevelt's formal letter of acceptance of the Republican nomination for the presidency has been issued to the public. It is an exhaustive defense of the record of the Republican administration. More space is devoted to the tariff and the Philippines than to other issues of the campaign.

In the concluding paragraph of his letter he asserts that there is "not a policy, foreign or domestic, which we are now carrying out which it would not be disastrous to reverse or abandon."

Montgomery to Miss Mary Carpenter at Hustonville Sept 28th, but a general invitation is extended to the friends of the exceedingly popular pair.

An action has been brought at Covington to test the constitutionality of the new law passed by the last Legislature which requires all registered voters to have and present a certificate of registration before they can vote. Two brethren were probably fatally hurt, nine buildings were destroyed and four others badly damaged by fire at Haysborough, a Pittsburg suburb.

BLACK-DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowl and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition.

Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their feed.

Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCKVILLE, GA., Jan. 30, 1902.

Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting to fine. They are looking 30 per cent better.

KILLS GERMS OF CATARRH

Hyomei Goes to the Root of the Disease and Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply.

Hyomei is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood and effectively drives from the system all traces of catarrhal poison.

Probably the strongest evidence that can be offered as to the powers of Hyomei to cure catarrh is the fact that Penny will agree to refund the money if you say Hyomei has not cured you.

The complete Hyomei outfit costs but \$1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents.

KING & CO., Moreland, Ky.

To Our Patrons!

After assuming the office of manager of the Stanford Water, Light & Ice Co. I find a great many leaky yard hydrants that are proving a great expense to the company in the waste of water and I respectfully urge all patrons whose hydrants are out of gear to repair same at once or I will be compelled to cut the water off until the hydrant is repaired.

All patrons who have sprinkling privileges are earnestly requested to use the water only in front of their property (and not outsiders) all that is absolutely necessary but the water contracted for with the Company is not for the purpose of making mud-holes and such like. If any person is found violating these rules, I will be forced to cut the water off.

Your attention is invited to some of the Stanford Water, Light & Ice Co.'s rules and regulations as follows: All water and light rents must be paid quarterly, in advance, on the 1st day of January, April, July and October. For willful or unreasonable waste of water, the supply will be stopped. No one will be allowed to supply water to other families. All persons are required to keep stop cocks and private hydrants in good repair and protected from frost and prevent any unnecessary waste of water. The Company agrees to furnish water for a certain specified use for a certain sum persons using water for any other purpose than that stated in receipt, will be required to pay full price for water furnished. Free access to all pipes and fixtures must be had for examination by the Manager of Company. For the violation of any of the above rules or non payment of rent, the company reserves the right to turn off the water with notice.

An Ordinance passed by the City Council makes it a fine of five dollars to hitch a horse or other animal to any fire plug or hydrant.

All persons knowing themselves indebted to the Stanford Water, Light & Ice Co. to July 1, 1902, for water and lights, are requested to liquidate their account at once, as the Company needs the money.

I will be at Penny's Drug Store every day between 9 and 10 o'clock A. M. to receive your water and light rent.
